2018 PPFIC Awards Dinner and Closing Event

Please join us on Wednesday evening for a fantastic dinner with fellow attendees and guests at the Experimental Aircraft Association (EAA) Airventure Museum. We will dine in The Eagle Hangar surrounded by vintage [WWII War Birds](#) and touring the [EAA Airventure Museum](#).

This will be a very unique evening for all inquisitive engineers, no one will be leaving early!!

We have reserved the EAA Airventure Museum for the entire evening. The museum is located at Wittman Field in Oshkosh, Wisconsin, just a few miles from Appleton.

You will be able to test your flying skills in the jet fighter adventure, hang glider, hot air balloon and other simulators. It is recommended that you test your jet fighter skills before dinner!!

Buses will depart from the conference hotel to transport attendees to the social event.

The Award Dinner & Closing Event **is included in the conference registration for all conference attendee.**

Event ticket(s) for guests of IEEE members can be purchase separately at a price of \$100 for adults and \$30 for guests age 16 and under. The price for guests of IEEE non-members is \$150 and \$50 respectively.
