2018 Guest Program – Appleton, WI

We are also planning to take advantage of our great area attractions for our Guest / Spouse program. The committee is finalizing details and the following schedule is representative of what we plan. Tours via motor coach bus will begin in the morning after breakfast and finish by mid/late afternoon, allowing some free time for shopping, additional sight-seeing, winery tour, museum visit, or relaxation in the hotel.

We will be providing hosts for the tours on Monday, and Tuesday. Tentative plans are as follows.

Monday June 18th – American Club, Kohler WI

Travel via motor coach just over 1 hour to Kohler, WI.

Home of world famous [American Club](#), and its five star / five diamond resort rating, [Kohler design center](#), [Kohler Chocolates](#), and Golf. [Kohler also has an outdoor walking](#) mall with a wide variety of shops ranging from dining, coffee, chocolate, men's/women's fashion, gardening, cooking, and much more.

We expect to tour the Kohler design center, which has a 3 level facility, showcasing the latest in product design, and technology, as well as past creative achievements for Kohler products.

Tuesday June 19th – Door County, Fish Creek, WI

Travel via motor coach north 1-½ hours to Door County.

[Door County Wisconsin](#) is the home of many local wineries with Door County Cherries providing a large part of the wine production for this popular Midwest vacation destination. Door County also houses many small craft, candy, fashion, jewelry, art, and dining facilities along the Lake Michigan and Green Bay waterfronts.

We expect to park motor coach in [Fish Creek WI](#), and allow you to explore the historic shops, restaurants, and tour the historical sites that Fish Creek WI offers. [Fish Creek Visitor Center](#)
